

VersiDrain® I-Chamber®

Green Roof Inspection Chamber

We make the difference.
The Elmich Difference.

VersiDrain® I-Chamber®

VersiDrain® I-Chamber® provides a robust access point for the inspection and maintenance of the discharge outlet on a green roof. Made from recyclable PP, the inspection chamber's height may be extended or cut to suit both intensive and extensive green roofs.

1 Chamber Cover

Comes with handles for easy access and rubber seal to prevent mosquito ingress and breeding.

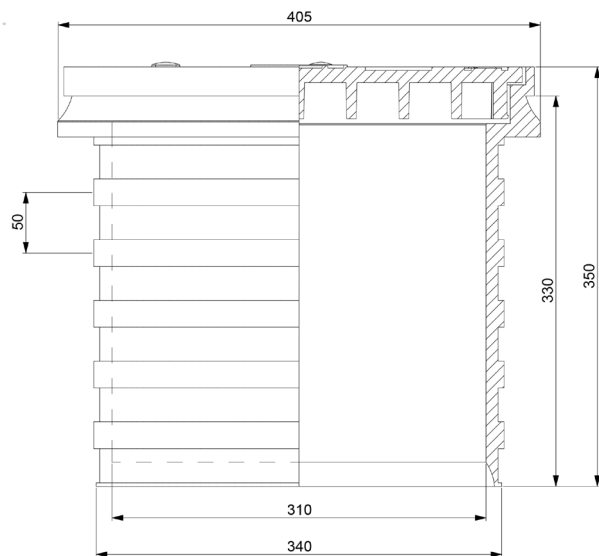

2 Chamber

Suitable for planting media depths between 100 mm to 300 mm and can be cut in 50 mm intervals. Additional chambers can be stacked for deeper media depths.

Technical Specifications

Material	PP
Height	350 mm
Diameter	nom. 400 mm
Chamber Extender	300 mm
